NetSuite Consultant

✉ satupz104@gmail.com ☎ [+91-7002417851](tel:+91-7002417851) 📍 Assam, India 🌐 <https://github.com/satupz104>

Summary

NetSuite Consultant with 6+ years of experience delivering end-to-end NetSuite implementations across NBFC, manufacturing, and Technology sectors. Driven by the intersection of finance and technology — from designing multi-bank payment integrations and automating complex financial workflows, to building intuitive Suitelet-based tools and system integrations. Certified in NetSuite SuiteFoundation and Application Developer, with a track record of thoughtful delivery and measurable client impact.

Education

Assam University, Silchar
Computer Science & Engineering

B.Tech - Computer Science and Engineering • CGPA: 7.11 / 10
2015 - 2019

Experience

Grant Thornton Bharat LLP

Assistant Manager, Technology Advisory

Gurugram, India
Mar 2023 - Present

- Drove end-to-end NetSuite engagements across 3 clients (Desiderata, GreyOrange, BitKuber) — requirement gathering, solution design, CRP sessions, client advisory, and go-live delivery.
- Architected and delivered H2H and API-based bank integrations with HDFC, Kotak Mahindra, IDFC FIRST, and YES Bank — enabling automated payments and real-time reconciliation within NetSuite.
- Built LMS (Loan Management System) integration via Suitelet and RESTlet to auto-generate Journal Entries, Credit Memos, and Invoices, significantly reducing manual finance operations.
- Developed custom financial reports: FD Report, TDS Consolidated Report, and Payment Ageing Reports using Saved Searches, Financial Report Builder, and bespoke Suitelets.
- Designed and deployed multi-level SuiteFlow approval workflows — single-level, multi-level, amount-based routing, and department-based routing.
- Implemented OAuth 2.0 Machine-to-Machine integration and optimized access control, workflows, and Advanced PDF/HTML templates for a manufacturing client (GreyOrange).
- Configured NEFT payment file generation and developed operational Suitelets for internal financial processes (BitKuber).

Brillio Technologies Pvt. Ltd.

Engineer - NetSuite Developer / Consultant

Bengaluru, India
Sep 2020 - Mar 2023

- Delivered full-cycle NetSuite customizations using SuiteScript 2.0 across Client, User Event, Suitelet, RESTlet, Scheduled, and MapReduce script types for multiple client engagements.
- Built Timesheet Compliance Dashboard — a Suitelet-based tool that auto-emailed compliance data for all project resources to delivery managers, improving project governance.
- Automated Offshore Facility Cost processing via MapReduce — read CSV seat-count uploads and auto-posted Journal Entries for offshore facility charges, eliminating manual data entry.
- Delivered CLM-NetSuite integration (RESTlet) for real-time bidirectional sync of Customer and Vendor records between NetSuite and an external Contract Lifecycle Management platform.
- Planned, documented, and managed configuration and customization changes ensuring minimal disruption and proper change management across production environments.

- Automated internal business processes using NetSuite and Google Apps Script, supporting data and operations teams with JavaScript-based automation scripts.
- Developed automation solutions that streamlined repetitive workflows, improving operational efficiency and data accuracy.
